# Introduction

---

# Introduction

- Circom is a DSL for writing circuits.
- It is used to create circuits for zk-SNARKs.
- It is a part of the zk-SNARK toolkit.

# Code Snippet

```
// LICENSE: MIT  
pragma circom 2.1.6;  
  
include "templates/IdentityAuth.circom";  
  
component main = IdentityAuth();
```
